

Things that could improve at St Mary's:

- A miracle donation to support the wonderful work you all do
- Nothing
- Include parents when rewarding children
- Notice periods of when they have collections, trips etc
- The parking is sometimes difficult
- Ensure if there is issues that this is relayed promptly
- Can be expensive with two children in school with extra-curricular activities
- Upkeep of the grounds (muddy walkways)
- I believe the school tries its utmost to do everything really well
- The yard and problems with flooding repeatedly. Maybe some monies raised by events would be used to improve this
- The general approach areas - behind the social club is potholed, cars driving in and out etc
- Strong community feel is decreasing
- Be more supportive of local events
- Extra maths classes after school if possible
- Long term sickness contingency plans
- The consistency of staffing. Keeping parents up to date with what is being taught and informing parents if a child is falling behind.
- The playground entrance from the car park into school
- Resources, eg reading books
- Some communication being short notice
- Chess club
- Create a St Mary's Birchley blog
- Parents attending assemblies
- More sports
- More computer/IT
- Larger class area
- More up to date technology
- Parents having more say on what funding is spent on
- Male staff in school
- More team sporting events
- None very happy with the school
- More funded extra-curricular activities
- Feel the school would benefit from male teachers
- Increased communication on things like house points/behaviour
- Children advised of the lunch menu am - completely different selection at lunch - seriously needs to be corrected
- Communication to improve between school/teachers/office/PTA regarding activities
- Earlier breakfast club 7.30am
- Card payments/online payments for toast etc
- Not much it's a great school
- Car park issues
- Access to learn an instrument at an earlier age
- Be more aware of what children doing/saying on the playground
- More feedback on what our child needs to improve on
- Would welcome a male influence

- Outdoor equipment
- Allowing cordial in water bottles
- Muddy walkways
- More notice of upcoming events
- The mashed potatoes
- Equal allocation of jobs/tasks to children's
- A variety of 'non-sporting' clubs
- Less RE lessons
- Lunch portion sizes for Y6
- Later/earlier out of school clubs
