

I would be interest in attending workshops about:
(eg reading, writing, maths, parenting skill, encouraging healthy eating)

The best time for me to attend is:

- Any workshop, anything to help encourage our children
- Reading, writing, maths
- I would be interested in learning what my kids are doing in class
- All - I have recently attended a maths workshop that was superb. Incredibly informative and useful for a parent. I feel very well supported.
- Unable to attend in the day due to work
- Healthy eating
- Anytime
- Afterschool or lunchtime
- Evenings
- How to help my child develop and improve mathematics
- Mondays or Fridays
- Comprehension/Maths (as a Year 2 parent the teachers, children and parents are under pressure this year)
- Would be happy to attend all workshops in the evening
- Music - wider opportunities, school band etc
- Mainly in computer games
- Mondays or Thursdays
- Anything offered
- Unfortunately I work full time
