Numeracy

- Place value
 - recognise the place value of each digit in a 3 digit number (hundreds, tens and ones)
 - find 10 or 100 more or less than a given number
- The 4 rules of number
- Addition and subtraction
 - Add and subtract numbers with up to 3 digits using formal written method of columnar addition and subtraction
 - Solve problems including missing number problems, using number facts, place value and more complex addition and subtraction.
- Multiplication and division
 - Recall and use multiplication and division facts for the 3x table
 - Recall and use multiplication and division facts for the 4x table
 - Write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for 2 digit numbers times and 1 digit numbers, using mental
 - Solve problems, including missing numbers, involving multiplication and division.
- Fractions
 - Recognise, find and write fractions of a discrete set of objects: unit and non-unit fractions with small denominators.
