

Can you match?

Have a go at some of these matching games 😊

Loose Parts

Provide a selection of different sized lids. Have a large sheet of paper with outlines of the lids drawn on. Ask the children to match each lid to the correct outline on the paper.

Paint a collection of pebbles or wooden discs to resemble creatures such as ladybirds, bees or fish in matching pairs. Secretly hide one of the creatures and spread the rest out for the children to see. Ask the children to match the remaining creatures and work out whose partner is missing.

You will need a collection of objects made up of identical pairs. These could be socks, wellington boots, Noah's ark animals etc. Muddle up the items so that the pairs are not together and ask the children to match the objects into pairs.
