

Reception News – Friday 11th May

Hi everyone,

We arrived at school to find some dinosaur seeds! We read the story How to Grow a Dinosaur by Caryl Hart. We went outside and planted our dinosaur seeds. We are waiting patiently to see if they grow into a dinosaur world like they did in the story.

We have been so busy this week with our independent writing. We have been writing stories and performing them to our friends. We have been writing instructions for our models and things we have made. We have also had a go at writing descriptively about dinosaurs.

We are super mathematicians. We have been doing lots of independent maths. We have been recording the scores of our outdoor games like bowling and basketball. We have been playing different games at our games table. We have been working out our lunch choices by adding two numbers together or taking them away.

We have been doing our reading assessments again this week. Some of us have moved up to the next book band. New books on Monday 😊

Have you spotted the new addition to our outdoor area? We absolutely love our monkey bars – they are quite tricky for some of us though.

House Points

Well done everyone!

Matthew – Caitlin

Mark – Malachy

Luke – Angus

John – Ewan

Good Work

We celebrated Molly's super writing. She has been working so hard. Well done 😊

Reward Afternoon

For our reward this afternoon we got out our parachute and played some parachute games. It was so much fun!

Show and Tell

We read some facts out of a Dinosaur information book today. We had lots of questions to ask! We celebrated a fantastic swimming achievement – Level 2 now, well done! We were taught some French words using a lovely hand-made French book. We know the French word for lion is "Lee-on". We were impressed by some lovely crafts and then listened to how it was made. We looked at a lucky turtle, a signed Disney hat and a dolphin snow globe – all memories from a holiday. We looked at some crabs from a beach in Wales. We heard all about an exciting adventure to Liverpool where a pirate ship was discovered! We celebrated a ju jitsu achievement, well done! Last but not least, we heard about a trip to Stratford upon Avon to visit a cousin. We were told William Shakespeare used to live there – "he writes stories". 😊
