

# Reception News

We've had a wonderful first week back!

In Come and See we're thinking about **Gathering**. We are talking about how the Parish family gather together.

We started our new growing topic **Roots, Shoots and Muddy Boots**. We went on a Spring hunt and looked for signs of Spring. We have been talking about the changes that happen during Spring time and how the Spring season is different to Winter.

In maths we have been practising our counting, comparing groups of objects and solving problems using the words **more, less** and **the same**.

In PE we are exploring movement and expression. We explored ways of moving to show a little seed growing, the rain pouring, the wind blowing, the sun shining and the bees buzzing.

## Messages from Miss Davies...

Thank you for your ongoing donations of junk modelling materials.

For hygiene purposes, can I kindly ask that no toilet rolls be sent to school.

Please could all other materials be smaller than the size of a cereal box.

Thank you 😊

Have a great weekend!

Miss Davies and Mrs McDonald
