

Reception News

We settled straight back into school life after a lovely Easter break. What an exciting first week it's been!

We were surprised to find a mystery egg in our classroom on Monday. We spent the week reading information texts to find out how to take care of it.

In our writing, we have been making predictions about which animal the egg belongs to.

In maths, we have been exploring 3D shapes and their properties.

On Friday the egg hatched and left footprints everywhere! We discovered the footprints belonged to a baby stegosaurus. We can't believe it!

What exciting surprises will next week bring?

From Miss Davies and Mrs McDonald 😊
