

I like to work in pairs to share ideas and combine our work.

It expands creativity.

I am engrossed in my work.

I adapt my work to make it better.

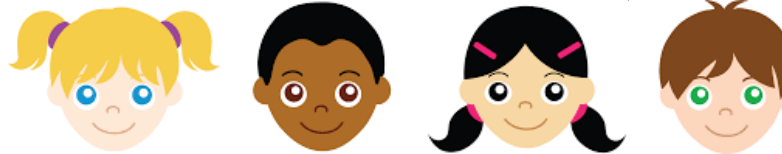

We have explored Pablo Picasso.

It brings joy to the classroom.

It helps people feel confident when they don't believe in themselves.

It gives you space to create.

We learn new techniques.

No one judges you. You can be free.

What our children said ...

We learn about different Artists.

It's fun!

I don't give up.

I am proud of my work.

It helps us to express our creativity.

We were learning about food hygiene and health and safety. We adapted recipes to make them healthy and made our own muffins.

It makes me feel excited.

I persevere when it's hard.
